

Burn Brightly

by Jodie Boyle

A flicker of flame
Light up the darkness
Chase the shadows away
White, orange, red – just a simple, multi-coloured candle
Yet, this same candle brings...
Thanksgiving
Hope
Joy
Peace
Home
Family
Friends
Love;

The love of a Father and Son, a Community
Love and nurturing of children growing up, cherished and safe
The deep, abiding love between a unique man, Below and
His Lady, Above

As the snow falls over the city
Let us light this Winterfest candle
Hold each other close, and make this flame burn brightly
Long after the celebration is over, think of this small light
Carry the warmth, love and joy of this flame...

Til it leads us back to each other once again
