

# Calling Me Home

by Jodie Boyle

When I am happy  
You share in my joy  
When sorrow finds me  
I seek your company  
Cry in your arms

When in danger  
Our Bond alerts you, brave Angel  
And you fly to my side

I can't go on  
Your strength  
Gives me the will to keep going

When I am lost  
You are my candle in the night  
Guiding my steps  
Calling me home

When I am weary  
I rest my heart against your heart  
Hold you close..  
And know all is right with the world
