

Simple Pin Cushion From Granny Square

Sew a tiny pillow (approx. 2.5 inches/7 cm square) with a scrap of fabric. Stuff it with polyfill, unused/scrap yarn, or rice.

Make a solid granny square – about a 5 inch/13 cm square.

Turn over so the wrong side is up and place the pillow on the square. Wrap the four points around the pillow to the centre and sew the square together from the points to the middle.
