

Just Us Cats

by Angie

One of the children thought it would be fun if everyone dressed up in 'CATS' costumes one Halloween, so the tunnel community got into the spirit.

Catherine found some interesting items in a thrift store and joined the work party. Although the costume was for herself, she wanted to see Vincent wear it before she altered it for herself.

He stated that he didn't need a mask, but agreed to model it.

Catherine looked at him intently, then took a Polaroid photo.

"Satisfied my Cat?" he asked her.

She smiled and lifted up his mask to kiss him. "Very!"
