

# Omen

by Allison Duggins

Catherine was trying to decipher the book she found in Joe's pocket.

Suddenly, her hope chest flew open and the Ouija board she and her friends played with in college flew out and landed on the bed next to her.

She watched as the board spelled out 'Book Dangerous'.

"What in the world...?"

The triangle moved again spelling 'Catherine Death'

'Kristopher', it spelled out

"I don't know...."

The triangle spelled again 'Gabriel will take Vincent's child'.

With this fear, she decided to give the book to Greg Hughes and prayed the predicted future would change.
