

WHAT DID I DO?

by ALLISON

'What did I do? OH, GOD. WHAT DID I DO?'

Moreno pondered these thoughts as he walked away from the elevator amid Catherine's protests and screams.

He reasoned; 'It was her life or mine. I'm in too deep with Gabriel. Oh God, I wish there was another way. Why did she have to be the one to investigate that damn book Hanlon had, or even Joe for that matter? Was it worth this price?'

'It had to be done.'

He looked over his shoulder briefly and watched as the two men escorted Catherine out of the building.

"Forgive me, Cathy."
